

Kalpataru Goes Live with Oracle HCM Cloud to Support Rapid Talent Management

Pune(Voice News Service):- Kalpataru Limited, one of India's leading real estate development conglomerates, recently went live with Oracle Human Capital Management (HCM) Cloud, part of Oracle Cloud.

“Our people are the most important asset of our company. We like to take good care of our people and ensure that they have the best available tools to bring out the best in them,” said Bavneesh Gulati, Senior Vice President HR – Kalpataru Ltd. “We at Kalpataru have always kept ourselves abreast with technological advancements and believe in accepting the change for the betterment of our people and the company. Oracle has understood our needs well and

has catered well to all our needs by providing us what we were exactly looking for.”

“HR intelligence can help drive decisions pertaining to talent management, which is one of the top three focus areas for CEOs. HR leaders must use data to make fact-based decisions about hiring, talent management and succession to drive strategic growth,” said George Varghese, Senior Director – Applications, Oracle India. “We are pleased with the results that Kalpataru is enjoying with Oracle Fusion HCM and Taleo solutions and believe that with these solutions, Kalpataru can help and attract top talent to help meet their ongoing business growth.”
